## Application and Management Consulting Services

**GE Centricity® Business Consulting... since 1995.**

[www.infinimed.com](http://www.infinimed.com)

## Why InfiniMed?

**InfiniMed's** consultants and programmers are exceedingly experienced with all **GE Centricity® Business applications**.

**InfiniMed's** consultants are the right resource for your organization when:

- Your implementations need to stay on track and within budget.
- You need a full-service solution to provide everything from readiness assessment to post go-live support and maintenance.

**InfiniMed's** clients benefit from in-depth analysis and expert solutions that are rapidly customized for their needs.

## Our Consultants

**InfiniMed** management consultants pay attention to detail, saving you time and money by exposing and creating efficiencies that will show positive results across your organization!

**InfiniMed** project managers employ SDLC principles and are diligent with communication through each stage.

**InfiniMed's** programmers and application analysts are integral to the full-service approach taken at InfiniMed and have varied experience, including:

- Expert Caché and AES Programming
- All Centricity Business® tools, Web Framework, DBMS, ETM, System Rules, EDI Toolkit, etc.
- Conversion and interface development and system customizations
- GE support liaison

**InfiniMed** trainers customize programs and documentation for each user level: office and clinical staff; in-house trainers; super users and IT staff.

## Where InfiniMed Fits In

**InfiniMed's** consultants are project managers, application analysts, trainers and programmers. They have a wide range of expertise, enabling them to assist in, manage or fully execute the following:

- Budget creation and team member identification
- Workflow analysis and optimization
- Identification of time-critical functions and interdependencies
- Conception, planning and design
- Interoperability design and development
- Opportunities and weaknesses identification
- A detailed project plan and design document
- A thorough testing plan and activities, both independently and with your users
