Why InfiniMed?

InfiniMed's seasoned professionals are second to none working with the GE Centricity® Business EDI Toolkit and InterSystems Ensemble®.

Our clients benefit from customized solutions that support changing business practices.

InfiniMed programmers and analysts will exceed expectations.

InfiniMed's solutions are the right answer for your company when:

- Your EDI applications limit your business processes — we'll make your systems more automated.
- You need specialized staff to install, upgrade or enhance your EDI implementations — we have the senior-level expertise you need.
- You need an EDI programmer without creating a permanent position — we can provide short- or long-term resources.

GE Centricity® Business

EDI Toolkit — InfiniMed's experts have extensive knowledge of:

- MCA
- HPA / VM
- Referrals
- Claim Form Generator
- Matching, Mapping
- Setup and Custom Business Logic
- BAR
- SCHED
- DBMS and FDL
- Rulebank Logic
- Inquiry / Edits
- Reporting and Testing

InfiniMed's Enhanced Toolkit Functionality

- Easier navigation to get to a specific run or transaction quickly!
- Complex matching algorithms.
- Display screens with detailed matching messages.
- Matching results that flow through to the GE database and show on the EDI inquiry screens.
- Provider totals and edit message rollups.

EDI Transactions

No one does business alone...
InfiniMed can help you get more from trading partner relationships...

- Auto posting X12 transactions
- Better data access
- Accurate data mapping and matching
- With:**
 - Payers
 - Providers
 - Clearinghouses

InfiniMed's IMEDI Integrator

The IMEDI Integrator is a powerful tool used to rapidly develop EDI solutions.

- Share EDI development responsibility between analyst and programmer.
- Manage specs in Excel.
- Import, extract, pre-process, map, translate, massage, combine and enhance your data.

The IMEDI Integrator supports fixed length, delimited, X12, HL7 and XML formats.
